

Volunteers Wanted

Ne-Chee Friendship Centre

The Indigenous Community Justice Program is recruiting new volunteers who have an interest in working from a Restorative Justice perspective with individuals who have come into conflict with the law. Volunteer Council Members would need to be at least 18 years of age, and willing to commit a minimum of 4 hours a month to one of our programs. We seek to find volunteers from a broad range of backgrounds and life experiences.

If interested or you would like further information, please contact:
